**Re: Reappointment of Project Manager  
Solutia W. G. Krummrich Plant  
Sauget, Illinois**

Dear Mr. Bardo:

As required by Article V of the Administrative Order on Consent (AOC) agreed to by Solutia on April 26, 2000 (U S. EPA Docket No. R8H-5-00--003), Solutia is designating Steven D. Smith to be the Project Manager for this Order. He will replace Gary W. Vandiver who has acted in this capacity since September 2003.

Steve is well qualified to fill the Project Coordinator role. He has over 25 years of environmental and remediation experience with Monsanto and Solutia and has served as Project Coordinator for a number of CERCLA projects, including the Brio and MOTCO Superfund Sites in Texas and most recently as Project Coordinator for the Sauget Area 2 RI/FS.

Steve is located at the Solutia corporate offices in Maryville. His contact details are as follows:

Steven D. Smith
